IN AVIATION DAY
A Women in Aviation International® Event

AVIATION IS YOUR FUTURE

September 1, 2020-September 1, 2021 | 8 Hours Total

www.canvas.net/browse/erau/erau-coppa/courses/aviation-is-your-future

This free self-paced online course is a project of the Woman in Aviation International Chapter at Embry-Riddle Aeronautical University Worldwide and offered in conjunction with Women in Aviation International. It is designed to introduce children ages 8-17 to aviation fundamentals and celebrate Girls in Aviation Day.

OBJECTIVES

- /// Explore how airplanes fly
- /// Discover the different types of unmanned aircraft
- /// Learn how maintenance technicians ensure safety
- /// Consider what it would be like to live on Mars

We hope you learn a lot, explore what we have to offer, and have loads of fun!

Sign up your young learner today!

FUELING A PASSION FOR AVIATION

If you've heard of Embry-Riddle Aeronautical University, it's likely due to our reputation as a leading higher education institution for aviation and aerospace studies. As active members in the community, our passion for education extends well beyond our campus. We bring innovation and technology to teachers, staff and students of all ages, offering online courses, summer camps and more.

If your child is interested in aviation or other STEM-related disciplines, explore what Embry-Riddle has to offer!
