Landlord-Tenant Mediation Pilot RFP – 2019
Responses to Questions Received from Prospective Applicants

Date received	Question	Response
8/6/2019	The RFP indicates that the proposal should be no more than 8 pages. Should the narrative be single spaced, or double spaced?	We are very flexible regarding the line spacing of the proposal submission. The page length listed in the RFP is a suggested length only, and was included to ensure that the submission requirements would not be perceived to be onerous for prospective respondents – especially given the relatively short application period. You are welcome to submit more than 8-pages, however no respondent will be penalized for submitting a shorter proposal.
